I'm really sorry; I-I'm just not good with words.

Promise you won't tell anyone? Anyway. No one ever stays in my life. This is really hard for me to talk about. So um...I used to be a triplet. Her name was Hannah. She died in a fire a month ago. That's why my family adopted Katie and Charlie. And it's not just her. But I should have 8 siblings. My younger brother who would have been a year younger than me was born stillborn. Plus all of my cousins have abandoned me. I have been friends with my best friend for 7 years bc it took her that long to trust me. I guess I saved her though. She was going into a pretty bad crowd. But I miss Hannah. I still cry myself to bed every night. This wouldn't have been so hard if there was no stupid fire or the teenager that hit Nacho. We were the 3 musketeers. We did everything together. But there was a fire. And I can't change that.

I..... Oh Pluto. I'm so so sorry. No wonder you're feeling so stressed and hating your life. I..... I really don't know what to say and now wish I was with you right now.

And I promise I won't tell a soul. This is too painful for you for it to be told to anyone else. But...the only thing I can do for you is pray. I'm sorry what happened to your sister and brother and I hope God will make things better, even if Hannah won't be back.

I know you'll still feel the pain for months, or years to come, and I know she will never fade away from your memories. But if she's in a better place, with God, then know that you'll see her again one day.

I know...what really gets me is when people on here are like, "well my life is pretty bad too. I have a test coming up." And I'm like "ok, sure. Did you have to get used to two teenagers living in your house? Did you have a fire? Did your sister die in it? Did your brother get run over by a dirt bike while you were watching, unable to do anything? Did you have to call 911? Do have 6 people to feed everyday? Do you have 5 dogs to feed and walk by yourself? Do you have an entire house to take care of? Are your parents gonna get a divorce through all if this? Do you have to wake up every night to give your brother his pills? And even if you do, was it all when you were 12?

.....It *does* pain me whenever I read threads like that.

I....I have nothing really to say but that I'm proud of how responsible you are, even through this time. I wasn't, aren't now, as responsible as you are when I was your age.

I just..... I hope your family gets through all this. I also pray that your parents won't get a divorce so that you don't have another thing to be upset about.

I-I don't think I'm helping much talking. If you want, I'll just be an ear to listen to your rants.

No! Don't say that. You're not a wimp. I know things are going rough, but you are/can be stronger than you think. Talking about your problems isn't being wimpy. It's the right thing to do.

Besides.... I knew you probably needed to let it out, and... I *wanted* to hear your problems. They're not stupid. They're just what you're feeling right now. And there's nothing wrong with that. Please don't be so hard on yourself.

My parents and brother are stressing out over wedding plans, and I'm going to stress out in a couple of days for a test. (But you can ignore that. I just stress over little things easily.)

More on I just wish my older siblings didn't live so far. I miss them. Whenever they come home, it's so fun and happy here. But...they rarely come home because they live so far and their jobs.
